DAY 1: VBT Bicycling Vacation begins / Travel to hotel via Cluny / Warm-up ride

Meet one of your trip leaders, in VBT staff garments, in the lobby of the Hotel Carlton Lyon MGallery by Sofitel at 9:00 a.m.

You will travel by bus via Cluny to the hotel in Tournus. Cluny, the former Benedictine abbey and home of an early pope around AD 910, was larger than St. Peter's Basilica in Rome in its heyday. It was later dynamited, and its richly carved stones were sold off. You'll stroll along the ancient stone streets of Cluny with a local guide. VBT has timed your visit to fall on a market day, so you'll have the opportunity to buy some local specialties for lunch on your own.

Arrive at your Tournus hotel, meet your second trip leader, and have free time to settle in. Before your bike tour begins, partake in a safety and bike-fitting session. A brief warm-up ride leads you through the countryside and on a bike path along the Saône River and surrounding countryside.

After some time to freshen up, meet for a welcome cocktail reception at your hotel and dine in its excellent restaurant.

Today's Ride Choices

Afternoon: Warm-up Loop — 15 km (9.5 miles)

What to Expect:

An easy loop from your hotel takes you past Saint-Philibert de Tournus, a medieval church and former Benedictine abbey, and through the town of Tournus, then along a bike route on the Saône River and the countryside around town.

Cumulative Distance Range: 15 km (9.5 miles)

Included Meals: Dinner

DAY 2: Chardonnay and Tournus Loop

This morning's spin takes you on the flat Voie Bleue bike path along the tranquil banks of the Saône River. Keep your eyes open for the varied birdlife along your route.

Leaving the river, you'll enter rolling wine country, where the dry white wine of the Chardonnay grape is produced. Roll into the wine village of Viré, home to a recent success story in France's wine world. In the latter part of the 20th century, the villages of Viré and Clessé realized that they had a high-quality wine that could rival the older appellation of Pouilly-Fuissé, so they applied for a separate status. This was finally granted in 1999, and the Viré-Clessé appellation emerged.

Continue cycling to Lugny, a village where you can stop and taste local wines. Continue on to the next small village with a name that is synonymous with dry white wine—Chardonnay— and which recently celebrated its thousandth anniversary. Its name comes from *cardonnacum* or the "place full of thistles." Chardonnay grapes most likely originated here and were then shared and distributed throughout France by monks. The earliest recorded reference to Chardonnay appeared in 1330. It was around this time that Cistercian monks built stone walls around their *Clos de Vougeot* vineyard exclusively planted with Chardonnay grapes. The village of stone houses grew up around the *lavoir*, a stream-fed community wash-house, and several domaines (wine producers). You'll stop a little further along in Uchizy for lunch at a local restaurant.

After lunch, continue through the peaceful rural countryside before rejoining the Voie Bleue bike path along the river and following it back into Tournus. Or take a longer ride back to the hotel. Both options cycles by an interesting bike museum.

Tonight, take a short walk to a nearby wine purveyor for an introduction and tasting of the incredible depth of Burgundy's wines. Afterward, you are free to enjoy dinner on your own in one of the local restaurants.

This masterpiece of flamboyant Gothic art and architecture is Burgundy's single most-visited site; you will understand why after setting foot inside the stunning courtyard. Visit the Hospice, then cycle into wine country on narrow, quiet roads to the small hamlet of Cussigny. As lunch nears, your small group is invited into an old mill converted into the summer home of a local family. Here, participate in a game of *pétanque* before a picnic prepared by your trip leaders. Conclude this pleasant visit with homemade dessert and coffee or tea with your generous hosts.

Here, stop to choose from different lunch options on your own before cycling along the narrow lanes used as access routes by local vineyard workers. In this area, monks toiled for centuries making wine for religious services.

The UNESCO World Heritage committee added the entire stretch of vineyards from Beaune to Dijon to its World Heritage List in July 2015. Along the Route des Grands Crus, you may wish to stop and explore old and charming villages such as Vosne-Romanée and Gevrey-Chambertin before continuing all the way to the outskirts of Dijon. As you enter the capital of Burgundy, marvel at the astonishingly well-preserved city center. Dijon, often called "Sleeping Beauty," is third in France for its number of preserved historic buildings, with more than 100 acres (40.5 hectares) of the city center protected. This capital of the former ducal kingdom has attracted musicians, artists, and writers for centuries.
